INTRODUCTION

Motivated and passionate **Computer Science undergraduate** with a strong foundation in **Physics, Math, and Computer Science** from GEMS School, Nepal. I first pursued a **BSc in Computer Science** at **Westcliff University**, specializing in **Software and Web Development** as well as **Artificial Intelligence**, and I am now continuing my studies at **Assumption University (ABAC)**, Thailand. Alongside my academic journey, I have developed skills as a **Graphic Designer**, with hands-on experience in **Adobe Photoshop**, various design software, and video editing tools. A creative and versatile individual, I bring proven strengths in **leadership, teamwork, and problem-solving**, honed through active participation in **science exhibitions, football matches, and inter-school competitions**.

Eager to apply both my **technical expertise in computer science** and my **creative skills in design** to contribute to innovative projects, while continuously learning and exploring **cutting-edge technologies**.

EDUCATION

School

Dhapakhel

Gems

Jan, 2012 - Dec, 2019

I began my academic journey at GEMS School, Nepal, where I completed my schooling from grades 1 to 10. This period laid the foundation for my academic and personal growth, as I immersed myself in various subjects and developed a strong interest in science and technology. Beyond academics, I actively participated in science exhibitions, sports tournaments, and inter-school competitions, which enriched my creativity, teamwork, and problem-solving abilities. These experiences helped me cultivate a balanced approach to learning and leadership.

Alevel

Dhapakhel

Gems Institute Of Higher Education

Jan, 2023 - May, 2024

Following my schooling, I pursued my A-levels in Physics, Math, and Computer Science at GEMS Institute of Higher Education (GIHE). During this time, I delved deeper into my interest in programming and technology, exploring advanced concepts that fueled my desire to pursue a career in computer science. My involvement in collaborative projects and technical assignments further strengthened my analytical thinking and adaptability, preparing me for challenges in the tech industry.

Bachelor in Computer Science

Kathmandu

Kings College

Nov, 2024 - Present

I pursued a Bachelor of Science in Computer Science (BSc CS) at Westcliff University, with a focus on Software and Web Development as well as Artificial Intelligence. My studies allowed me to explore cutting-edge innovations and technologies, strengthening my ability to apply technical knowledge to create impactful solutions while expanding my expertise in the dynamic field of computer science.

Bachelor in Computer Science

Samut Prakan

Assumption University

I am currently pursuing a Bachelor of Science in Computer Science (BSc CS) at Assumption University. My academic focus is on Software and Web Development as well as Artificial Intelligence, which allows me to strengthen both my technical expertise and creativity. Through this program, I am gaining practical knowledge in building innovative solutions while continuously expanding my skills in the rapidly evolving field of computer science.

PROJECTS

Portfolio website

Developed a personal portfolio website to showcase my projects, skills, and experience
